REASONS FOR ALLOWANCE

Remark

- This Office Action is in response to applicant's amendment filed on July 23, 2004, which has been entered into the file.
- By this amendment the applicant has amended claims 1-5, 11-13, 18-19 and 21-22, has canceled claims 7-8, and 10 and has newly added claims 23-24.
- Claims 1-6, 9, and 11-24 remain pending in this application.

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: of the prior art references considered, none has disclosed an *anti-reflective coating*, and a method for forming the anti-reflective coating, on a surface of a hologram medium, wherein the anti-reflective coating limits the *reflectivity* of the medium that exhibits less than *1.0 percent reflectivity of S-polarized light at an incident angle greater than 50 degrees* relative to a line normal to the surface of the medium, the anti-reflective coating includes the *layer material compositions* as *specifically* claimed in claims 1, 13, 18, 19, 23 and 24.

The prior art references, US patents issued to Li et al (PN. 5,912,762) and issued to Dobrowolski et al (PN. 6,271,986) each teaches a thin film polarizing device or cut-off filter having *thin film multilayer structures* wherein the thin film multilayer structures has a reflectivity for S-polarized light being less than 1.0 percent at an incident angle greater than 50 degrees, however these references fail to teach the specific layer material composition and structures claimed in the instant application.

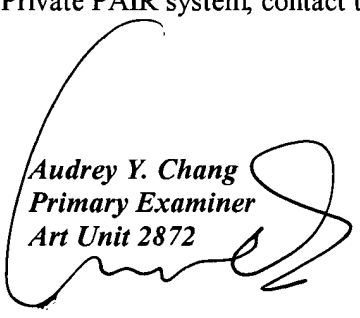

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
